

# BUILD YOUR OWN "CONTRACT" CLINIC

You may pick a day and time, along with the pro of your choice, and we can lock them in for your preferred number of weeks. These lessons work best when you put together a group of six or more players. The "contract captain" confirms the line up with their group each week. This guarantees your group the time they want each week with the opportunity for flexibility within your group using subs.

If you are interested in organizing a weekly contract clinic, please contact the pro shop.

## LESSON RATES

Private Lesson (Director) - \$120/hr  
Private Lesson (Senior Pro) - \$110/hr

Semi-Private Lesson (2ppl) - \$120/hr

Clinic Rates - \$160/hr (split by group)
